Employer Transportation Coordinator
Swift Transportation Co., Inc.

Don,

I congratulate Swift Transportation for its community leadership and support of the Trip Reduction Program. At the last annual monitoring the employer was found to be implementing the approved employer TRP plan with a good faith effort and passed the annual monitoring with great aplomb.

I want to thank you for your time and dedication seen at the last Annual TRP monitoring site visit. It was very clear to me the employer TRP program is successfully implemented due to your efforts. Keep up the good work, your commitment and that of your fellow employees does ***Make a Difference*** in the air quality for our community.

Thanks again!!
