TECHNOLOGY & MAINTENANCE COUNCIL

PROVIDING TECHNOLOGY SOLUTIONS FOR THE TRUCKING INDUSTRY

January 29, 2009

Charlie Weills
Swift Transportation
Shift Foreman — Michigan Location

c/o Pete Mueller, Service Manager
Swift Transportation
24200 Bell Road
New Boston, MI 48164
Ph: (734) 753-2361

Dear Mr. Weills:

Congratulations on being selected by The Technology & Maintenance Council of American Trucking Associations as the 2009 recipient of TMC's Recognition of Excellence in Maintenance Supervision award.

This award was established in 1990 to recognize front-line supervisors and their contributions to the vehicle maintenance profession. A committee of TMC leaders selects winners from a group of nominees to represent excellence in maintenance supervision. You have been selected as that representative.

At our expense, we would like you to join us during our 2009 TMC Annual Meeting & Transportation Technology Exhibition at the Orange County Convention Center, during the week of Feb. 9-12. We will pay your travel expenses (airfare, if you fly, or 55 cents per mile, if you drive your personal vehicle), hotel sleeping room, and meal expenses during the meeting period in Tampa and a complimentary registration for the meeting. If you bring a spouse or other person, we will provide a complimentary registration for the spouses' program. However, other travel expenses are not included. You may arrive as early as Sunday, Feb. 9, and stay as late as Friday, Feb. 13.

You will be honored during TMC's Industry Awards Luncheon at 11:45 am on Thursday, Feb. 12. Please look for a reserved table in the front of the Grand Ballroom. Marsh Galloway, our information manger, will wish to take some photographs at that time, as well as do an interview for our magazine. If you have any questions, please call Robert Braswell at (703) 838-1776. I'll look forward to seeing you in Tampa.

Sincerely,

Carl Kirk

TMC Executive Director
& ATA Vice President of Councils
